REASONS FOR ALLOWANCE

1. This an Examiner's statement of reasons for allowance. The closest prior art Tsuria et al (U.S. Pat. No. 6,466,670) discloses an anti-piracy that includes video representation signature for computing a forbidden signature of a forbidden video representation, communication for communicating the forbidden signature to a playing device.

JP2000076141 A, Morifuji, Hajime et al discloses a copy prevention device to be used in a digital data recorder like a DVD-RAM.

However, neither Tsuria nor Morifuji singularly or in combination discloses the recited feature:

As per claims 1 and 7 "parsing said original copyright material into original copyright material data segments, generating an original copyright material data segment electronic signature for each said original copyright material data segment, determining that at least one of said suspected copyright infringing material data segment electronic signature matches at least one of said original copyright material data segment electronic signatures, and visually examining said suspected copyright infringing material data segment having said suspected copyright infringing material data segment electronic signature matching said original copyright material data segment electronic signature".
